

GOING WITH JESUS

Bernie Herms, Ethan Hulse, Joseph Habedank

Head hung low in the back row of the church
Trying hard to pray, but I just can't find the words
Tried every option, Lord I'm exhausted
Like a heart that's gone too far, am I too far gone?
Well, I don't know, but

**I'm tired of lying
To myself
And to You again
I'm tired of fighting
So I'm giving up,
I'm giving in
This runaway rebel heart
Has run right out of reasons
And all I know is,
I'm going with Jesus**

Stumbling to the altar, swallowing all my pride
Carrying the shame that for years I tried to hide
In all of my falling, mercy was calling
Oh I thought I used up every second chance
'Til He took me back again

*The draw of love,
The pull of grace,
I see it all in my Savior's face
He won me over,
Yeah, He won me over
When I was lost,
He chased me down,
His kindness turned my life around
He won me over,
Yeah, He won me over*
