

REBEL WITH A CAUSE

Joseph Habedank, Lee Black, Sue C. Smith

Hanging out with the sinners and the outcasts
He didn't fit in the Pharisees' box, nah
Getting down with the broken-down-and-outers
He wasn't anybody's picture of God, but
He came as a man on a mission
For a man like me He was fishing

**They called Him a renegade
He was a trouble maker
Turning the tables
As He turned them over
Called Him a heretic
Didn't like His rhetoric
There was no way
That He could be their Savior
But when they sent that rebel to a cross
He rose and the world saw a rebel with a cause**

He said He came for those who had to have a doctor
And we can come to Him when life is a mess
I love to read about the losers turning into winners
He has a way of making more out of less
Everything He did went against the system
But He did it all so I could be forgiven

*This renegade came to save
This trouble maker made a way
This heretic had words of life to say
This renegade came to save
This trouble maker made a way
This heretic had words of life to say
And this rebel, yeah this rebel beat the grave*
