

JEHOVAH

Mitch Wong, Tony Wood, Joseph Habedank

Jehovah, You are welcome in this place
Jehovah, come invade this sacred space
Jehovah, let Your Spirit fill this room
We want You, we need You

Jehovah, we have come to seek Your face
Jehovah, it's our joy to bless Your name
Jehovah, You can make the old brand new
We want You, we need You

We bow down before You
Worship, adore You
You're the only one worthy of praise
We will sing hallelujah, over and over
Jehovah, You are welcome in this place
Jehovah, You are welcome in this place

Jehovah, only You can satisfy
Jehovah, Your word is the bread of life
Jehovah, none can do what You can do
We want You, we need You

*You alone will always be
Everything we'll ever need
Now and for eternity
We sing Holy
You alone will always be
Everything we'll ever need
Now and for eternity
We sing Holy,
Holy, Holy*
