

JESUS WALKED IN

Nick Schwarz, Tony Wood, Joseph Habedank

I heard about a sick girl
On the other side of town
And I heard about her daddy
Yeah, he's been asking around
Can anybody help her, anybody, please?
Hope was gone with her final heartbeat

**But then Jesus walked in
Changed everything
When He's in the room
Nothing's the same
It looked like the story
Had come to an end
Oh, but then
That's when
Jesus walked in**

I was a prisoner
Locked up in chains
Carried the shackles
Of the choices I made
My heart was a room, a cell with no key
I thought I'd never be free

*When the vows seemed too broken (Jesus walked in)
When the doctor said it's over (Jesus walked in)
Yeah, we all have that moment
That moment when...*
