

JERICHO

Joseph Habedank, Jason Cox, Scott Inman

You build up walls around your heart
Don't let anybody in
You hide the secrets and the scars
Of who you are and where you've been
But there's a God who knows your pain
In your dark, He'll be a light
And when you call on His name

**Walls are gonna fall like
Jericho, Jericho, Jericho,
Walls are gonna fall like
Jericho, Jericho, Jericho
Tumbling, crumbling
When fear and trouble surround
Yeah God's gonna bring 'em down,
Like Jericho, Jericho, Jericho**

Have faith that He'll come breaking through
God is always on your side
Nothing's gonna keep Him from you

*Sometimes it takes seven times around,
Sometimes it takes too many to count,
Sometimes you wanna give up but
Keep marching, keep marching
Keep marching, 'til you hear the ground shake
Keep marching, today could be the day
Keep marching, God is gonna make a way*
